

nVX Video Meetings

Bring coworkers and customers together with nVX multi-party video conferencing that includes whiteboarding, screenshare, and chat functions.

MULTI-PARTY VIDEO CONFERENCING

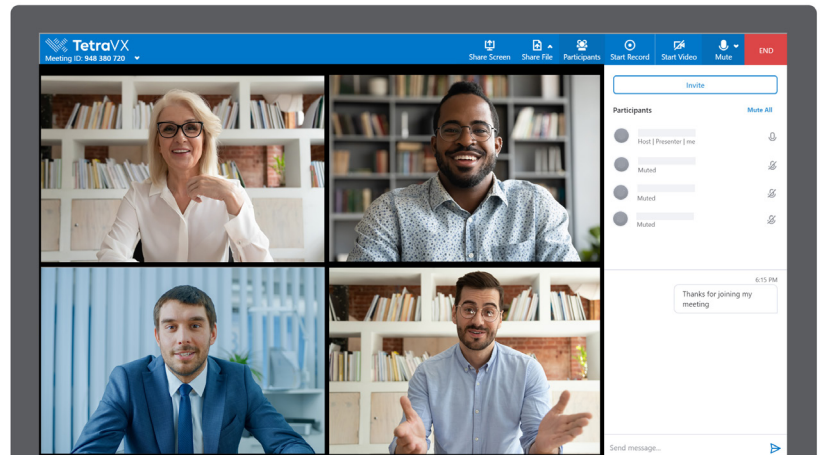

Schedule or host ad-hoc meetings for up to 100 meeting participants with the ability to join via web browser or mobile.

COLLABORATE WITH EASE

nVX provides meeting participants the ability to share and live annotate desktops, files, applications, or whiteboards as well as share desktop control with others.

MULTIPLE WAYS TO CONNECT

Invite participants to join on-demand meetings quickly and easily using voice, email, text, or by sharing the invite information into whatever communication channel you'd like.
